

Yevro Multiwall Polycarbonate - Limited UV Performance Warranty (10 Years)

Issuer

This Limited Warranty is issued by Yevro Polycarbonate Supply ("Yevro") to the original purchaser of eligible Yevro-supplied multiwall polycarbonate sheets in Canada.

Coverage Period

This Limited Warranty applies for 10 years from the delivery date (or invoice date, whichever is earlier), unless stated otherwise on the invoice or quote.

What Is Covered

This Limited Warranty covers qualifying UV-related performance degradation of UV-protected multiwall polycarbonate sheets during the coverage period, provided the product is stored, handled, installed, used, and maintained correctly.

This is a UV Performance warranty only.

Conditions of Coverage

To remain eligible for coverage under this Limited Warranty, the following conditions must be met:

- Correct installation of the UV-protected side, where applicable
- Proper storage before installation, including flat, supported storage protected from heat build-up, moisture, and weather exposure
- Correct installation practices, including allowance for thermal expansion and contraction
- Correct sheet orientation and drainage practices appropriate for multiwall applications
- Proper closure and protection of open sheet ends using compatible tapes, caps, and/or profiles, where applicable
- Use of compatible sealants and cleaners
- Use of the product in normal outdoor Canadian conditions and within the product's recommended operating range

Exclusions

This Limited Warranty does not cover:

- Incorrect installation, fabrication, handling, transport, or use
- Damage caused by improper storage, heat build-up, stacking pressure, moisture retention, or jobsite conditions
- Failure to install the UV-protected side correctly, where applicable
- Failure to use proper end-closure, sealing, drainage, or channel-orientation practices appropriate for multiwall sheets
- Dust, debris, insects, algae, condensation, moisture staining, or contamination inside flutes or channels caused by incorrect storage, sealing, or installation
- Leaks or condensation caused by framing design, sealing method, end-tape method, ventilation, or fasteners
- Scratches, abrasion, impact damage, vandalism, fire, or accidents
- Damage to the protective UV layer
- Chemical damage caused by incompatible cleaners, solvents, adhesives, sealants, paints, or other chemicals
- Damage caused by excessive heat, pressure, vacuum forming, or bending beyond recommended limits
- Optical distortion or cosmetic issues that do not meet the definition of qualifying UV performance failure
- Use outside the product's recommended operating range
- Labor, removal, re-installation, project delays, loss of profit, or consequential damages, except where required by law

Remedy

If a claim is approved, Yevro will provide, at its option:

- replacement material (or equivalent), or
- credit toward replacement material, or
- refund of the purchase price of the affected material

Remedies are limited to the material only. If a claim is approved, Yevro will provide the applicable remedy within 30 calendar days of claim approval, subject to inspection requirements and product availability. If return of the product is required for evaluation, return, removal, and re-installation costs are the buyer's responsibility unless Yevro states otherwise in writing. Yevro may determine that return of the product is not required.

How To Make A Claim

Notify Yevro within 7 days of discovering the issue. Please provide:

- Invoice or quote number and delivery date
- Thickness, quantity, and photos of labels or batch information, if available
- Photos or videos of the issue and wide shots showing the installation context
- Installation date, project location (city/province), and application type
- Photos showing sheet orientation, end closures, and support or framing details, where applicable
- Notes on cleaning and maintenance products used
